Details

Description

PrimoFlex® Plus quality hose 1/2" 20 m ideal for watering small to large areas and gardens. 3 layer garden hose, pressure-resistant, reinforced braided, free of phthalates, cadmium, barium and lead, harmless to health. A weather-resistant, UV-proof outer layer protects the material, and an opaque interlayer prevents algae formation in the hose. Bursting pressure 45 bar. Hose operating temperature range -20 to 65 °C. 15 year guarantee.
Kärcher PrimoFlex® quality hoses are durable, flexible, non-kinking and designed for easy handling. Braided yellow DuPontTM Kevlar® fibre is a distinctive feature of our robust, high-quality PrimoFlex® Plus hoses.

Application

- For watering small to large areas and gardens
- For watering large gardens
- For watering food plants and useful plants (small beds, individual and potted plants)
- For watering ornamental plants (small beds, individual and potted plants)
